

Golf Outing and Banquet Recipients Over the Years

2014- Katie was diagnosed with stage 4 Hodgkins lymphoma when doctors found a tumor pressing on her heart. Katie Aderman was our first recipient after our inaugural outing in 2013. Katie spent many summers playing Clear Ridge softball with John Dermody as her coach, which made this a special privilege to honor someone with such a connection with our dad! Katie currently lives in Garfield Ridge with her husband, Mike Thompson. Pictured left to right: Lauren Aderman, Katie Thompson, Sam Dermody, Renee Aderman

2015- Isa Lopez was diagnosed with lymphoma when she was 15 years old. In February 2015, Isa was hospitalized after she started having a hard time breathing. She had just gotten home from a state dance competition so the doctors thought she might have contracted a virus. Later, a mass was found near her lungs and on her birthday a biopsy confirmed it was lymphoma. Isa earned her angel wings in September of 2017. 2016- Siblings Matt and Sara Bragiel were diagnosed with Hodgkin's and Non-Hodgkin's Lymphoma cancer a year apart from each other. JDMF presented them with a check for \$8,000. 2017- Jel was diagnosed with stage four colon cancer in the spring of 2016. Although the JDMF committee did not have the pleasure to meet Jel in person, the stories as well as a loving video he shared created a great bond between our families. Jel's family and friends came together to support him at our outing and continued years following. Jel earned his angel wings in December 2017. 2018- Alice Czepiel was diagnosed with Breast Cancer in 2017. She began her treatments with her family by her side and has made progress with her battle on cancer. JDMF presented Alice with a check for \$10,000 at our 6th annual golf outing. As of 2019, Alice is in remission.
